

40 Northumberland Avenue

Cliftonville

Kent

Dear Jim,

I wanted to write to you on behalf of Avante Care & Support to express our sincere thanks to you and the Union Lodge in Margate, for your generous and kind donation of 150 visors for our care staff, arranged and coordinated through Jacqui Catt.

Everyone has been affected by the current outbreak of COVID-19, none more so than our elderly and most vulnerable in society who still need to be cared for during these extraordinary times.

During these uncertain times our dedicated frontline care staff continue to deliver care to those most vulnerable, carrying the responsibility of protecting the elderly from COVID-19 to which they are uniquely vulnerable. The use of PPE every day is vital for our staff to be able to do their care work safely and your generous donation supports them with this.

We are all truly proud of our care staff and how they continue to selflessly pull together as teams to protect the people we care for and support, and continue to do so daily.

Your kind donation reinforces this and demonstrates how you want to help our care teams to continue to do their jobs safely.

Many thanks again,

Lyndsay Hopper
